AGAIN ATTACKED

Togo Was Hurling Shells Into Port Arthur Yesterday

MAKAROFF MAY HAVE SUICIDED

Russia Admits Further Losses in Wednesday's Battle---Details of the Fight---The Import of the Victory

Another Disaster Rumored

Paris, April 14.—The Journal's St. Petersburg correspondent telegraphs that a rumor is current there that another Russian cruiser has been sunk by a mine.

The Petit Parisien mentions a similar rumor but says that the second ship destroyed was a battleship.

Russians Loose Faith

Rome, April 14.—A dispatch from Chetoo says: "The destruction of the Petropaulovsk and the loss of eight hundred men has produced a great depression in Port Arthur. Russian superstition is taking the event as a sign that God is against them. It is believed that only the presence of the Czar at the front will revive the martial spirit of the populace."

Togo Still Busy

London, April 14.—A dispatch from Rome says: "A telegram has been received here from New Chung, which states that the fall of Port Arthur is believed to be imminent. The dispatch further states that Admiral Togo is again hurling shells into Port Arthur, and that yesterday's attack was resumed at daybreak this morning. That the first attack was more effective than any which has preceded, is probable, as there has been no reply from the land forces, although the engagement is with a range of the big land guns. Evidently the Japanese forces have at last succeeded in their object and the forts have either been dismantled or abandoned."

Further Russian Disasters

St. Petersburg, April 14.—It was officially announced that the torpedo boat destroyer Benstrahie was cut off from the rest of the Russian fleet at Port Arthur and sunk by the Japanese; that her crew was lost, and that the battleship Hebradee accidentally struck a mine while manœuvring but was able to run to the harbor without the loss of life.

No Japanese Losses

Tokio, April 14.—A brief report from Rear Admiral Uriu of Wednesday's fighting off Port Arthur, reached the Navy Department this afternoon. It says Vice Admiral Togo's fleet attacked Port Arthur in the morning, and succeeded in sinking the battleship Petropaulovsk and one torpedo boat destroyer.

The Japanese sustained no losses. One Japanese was wounded.

Did Makaroff Suicide?

Rome, April 14.—A Chetoo telegram received by the Agency Liberia reports that the Russians and Japanese met about eighteen miles off the harbor of Port Arthur. Admiral Makaroff at once sought battle, despite the advice of his captains when they met in council. The Japanese fleet completely surrounded the Russians, whereupon the latter retreated in disorder. Two of the Russian vessels collided. The Petropaulovsk, the flagship, was repeatedly hit by Japanese shells.

Admiral Makaroff, discovering the utter impossibility of saving his flagship, committed suicide by shooting himself through the heart with a revolver.

The Import of the Victory

Tokio, April 15.—Later reports from Port Arthur indicate that Admiral Togo's victory was fully as important as it was at first reported, and that there is nothing to be feared from the Russians in the Yellow Sea.

This will release a good portion of the fleet for other purposes. Some of Admiral Togo's ships will probably be sent to Sasebo for overhauling which the Navy officials are not confined to the public, but the plans of the Navy estimate that the long expected landing at the Liao Tung peninsula will soon be made, under the protection of a squadron of heavy warships, and Port Arthur will be entered and taken by assault if it is necessary. Regarding the plans of the council of war, it is stated that the land campaign will not develop rapidly, though in just what direction it is to develop is a mystery and will so remain until concealment is no longer necessary or possible. Japanese officials have the faculty of concealment developed to a degree which is a marvel to foreign correspondents here.

WAR NOTES

Paris, April 15.—Russia sustained another bad blow in the loss of the torpedo boat destroyer Benstrahie and the damage inflicted on the battleship Pobieda.

Experts prophesy that the fall of Port Arthur is close at hand.

NEWS OF THE WORLD

Condensed Dispatches Dealing With the Day's Most Important Happenings.

Winnipeg, April 15th.

Toronto military organizations have petitioned for the release of Lieutenant Colonel Gray.

The Leland hotel, Winnipeg, has been purchased by E. J. Rochon for \$129,000.

Great Britain will pay the indemnity for the extinction of French rights in Newfoundland.

The Keewatin Flour Mills Company will erect a new mill with 3,000 bushels daily capacity.

A bad snow storm occurred in New York yesterday for the first time in many years.

An Anarchist, Roseaneff, was blown to pieces in St. Petersburg by the explosion of an infernal machine concealed in his trunk.

The Eastern league yesterday adopted its schedule, and the American and National leagues opened their seasons yesterday.

F. Oliver, M.P., in committee at Ottawa, accused J. M. Macoun of deliberately misrepresenting the conditions in the Peace river country.

Gunnars Mate Monson of the U. S. cruiser Missouri, is credited with having saved his ship by jumping into the magazine and pulling the door shut when the explosion occurred.

SASKATOON BRIDGE GONE

Winnipeg, April 15.—A heavy snow storm occurred yesterday in the southern and western portions of Manitoba and traffic is blocked in consequence. No passengers are expected to get through from the coast before Sunday.

NEW RESIDENCE.

Building To Be Used as a Students' Residence Will Be Built This Summer.

Calgary Herald: W. A. Elliott, architect, of Brandon, completed the plans for the Alberta college, which will be erected at Edmonton this coming summer. The college will cost \$40,000 and will be of solid brick, 48x150, with basement and three storeys in height.

Interviewed this morning in regard to the above report, Principal Riddell said the report was premature, and that nothing definite had yet been done regarding the erection of buildings. The College Board have been working on plans during the winter and were very favorably inclined toward the plans noted above, but as yet it has not been decided to build during the present summer.

Tenders, however, are being called for the erection of a residence building in connection with the college during the present season. The site of the new building will be the face of the hill on the south side of College avenue, opposite the McDougall church property. The building will be a frame structure three storeys in height with basement. The basement will be utilized for dining room, the ground floor as a teaching room, while the upper storeys will provide sleeping accommodation for about 30 students.

WILL ENTERTAIN STRANGERS

An adjourned meeting of the town council was held in the council chamber last evening. Mayor Short presiding and Councillors May, Cushing, and Picard being present.

The report of the special committee appointed to plan arrangements for the reception of the British immigrants was read and adopted. The report suggested:—

1. The appointment of a standing committee to make arrangements for the reception and forwarding of the new comers.

2. The appointment of an executive officer to look after the immigrants.

3. That a commission under the seal of the town be issued appointing Dr. Chas. H. Stuart (Wade, J.P., F.R.G.S., executive officer.

4. That the C. P. R. be asked to grant transportation to Mr. Wade between Edmonton and Regina for use in this connection.

5. That the committee be empowered to get the use of the Exhibition grounds for the accommodation of the immigrants.

6. That the government be asked for the use of tents for their use.

Mr. Welles, on behalf of Babcock, Wilcox, Limited, wrote enclosing prices on extras which might be desired in connection with the boilers. The offer was provisionally accepted awaiting the report of an expert being engaged by the town.

The engineer was instructed to report as to the condition of the grounds around the water tower, which were reported in an unseemly condition.

BOARD OF TRADE MEETS

The Board of Trade met yesterday in the council chamber to consider several matters of public interest. The attendance was small, but considerable business was transacted. Pres. J. H. Morris presided.

A communication was read from the Commissioner of Agriculture giving the percentages of germinating quality in the various cars of seed oats now in transit.

Mr. J. H. Gariepy, who was present, said his customers were highly pleased with the car sent his firm. The cars were clean and apparently in first class condition and were highly praised by many farmers who purchased them. Mr. John Ross inquired when the shipment to be disposed of by him would be to hand. He was informed that several cars had passed Swift Current ten days since.

The Regina board of Trade wrote asking the co-operation of the local board in bringing to the notice of the Territorial government an unfairness in connection with the small debt regulations. According to the present procedure no credit can be attached to a claim for less than \$100, and the correspondents claimed this was a disadvantage to merchants in collecting debts where litigation was necessary. The local board resolved to co-operate with the Regina board in endeavoring to have the limit placed at \$25 instead of \$100.

J. H. Gariepy presented a number of the board's petition, which he asked them to endorse, requesting the government to establish a deer park and game preserve in the Beaver Hills. The petitioners represented that there are now about 75 head of elk in the vicinity of the Beaver Hills, that 29 had been killed last season, and that the district proposed to be used as a preserve was not of a nature suitable for farming. The petition, which had been returned from the Deputy Attorney General at Regina, was accompanied by a letter saying that Mr. Haultain would be in Ottawa at an early date and would help bring the matter to the notice of the authorities there. The board instructed the Secretary to forward the petition to F. Oliver, M.P., at Ottawa, and also to write Premier Haultain, thanking him for his assistance. Secretary Sims also read a letter from Mr. Oliver in which he said he was bringing the matter to the attention of the Minister of the Interior and urging the establishment of the preserve.

The board took up the matter of the reception of the British immigrants who are expected to reach Edmonton soon. Councillor May said that a committee had been appointed by the council to deal with the matter and that their report would be made public in a few days.

Dr. Chas. H. Stuart Wade, J.P., F.R.C.S., was present and addressed the meeting. He said he was interested in the matter as a private resident. Referring to some remarks emanating from the press of towns in Saskatchewan which were interested in having the colonists go by the Saskatoon route, he considered them unworthy of reply and thought it best to treat them with the silent contempt they deserved. He had traversed the greater part of the route and the assertions in the articles referred to were too manifestly erroneous to need refutation. In a letter to himself Mr. May had informed him that the first colonists to come by way of Edmonton would leave England during the first week in May. Some preparation he thought should be made to receive them, provide them with reliable information and means of transport. He suggested that if possible the crews of the Hudson's Bay Company boats from Union Lake be secured to pilot the scows down the river. Rev. J. Matheson, of Union Lake, he thought, would be an excellent man to secure as manager of the transportation. He thought the matter should be taken up by the municipal authorities.

The board resolved to co-operate with the council in any measures they might take for the reception and forwarding of the immigrants.

POLLUTING STREAMS

With the opening of the streams and lakes throughout the country by the end of spring the following quotations from a circular issued by the Department of Marine and Fisheries may not be out of place:

"Every person who causes or knowingly permits to pollute, or puts or knowingly permits to be put, lime, chemical substances or drugs, poisonous matter, dead or decaying fish, or remnants thereof, mill rubbish or sawdust, or any other deleterious substance, in any water frequented by any of the kinds of fish mentioned in this act, shall be liable, for a first offence, to a penalty of twenty dollars and costs, for the second offence, to a penalty not exceeding forty dollars and costs and also in addition thereto, a further penalty not exceeding ten dollars for every day during which such offence is continued; and for the third or any subsequent offence, to a penalty not exceeding one hundred dollars and costs, and also in addition thereto a further penalty not exceeding twenty dollars for every day during which such offence is continued."

"No owner or tenant of any saw-mill, or any workman therein, or other person shall throw or cause to be thrown, or suffer or permit to be thrown, any sawdust, edgings, slabs, bark, or rubbish of any description whatsoever, into any river, stream or other water, any part of which is navigable, or which flows into any navigable water; and every person who violates the provisions of this section shall, on summary conviction, be liable, for a first offence, to a penalty of not less than twenty dollars, and for each subsequent offence, to a penalty of not less than fifty dollars."

"The several fishery officers shall, from time to time, examine and report on the condition of such rivers, streams and waters, and prosecute all persons violating the provisions of this section; and for enforcing the said provisions, such officers shall have and exercise all the powers conferred upon them for like purposes by the Fisheries Act."

PUBLIC HOSPITAL AFFAIRS.

The directors of the Edmonton Public Hospital met in the office of Mr. Jas. McDonald on Wednesday afternoon, there being present Messrs. A. Taylor, E. C. Pardee, W. J. Webster, Prof. Riddell, Rev. C. H. Huestis, Dr. Smith, Jas. McDonald, J. A. McDougall and Rev. H. A. Gray.

Rev. H. A. Gray reported that the plumbing had been completed at the hospital and that connection with the water and sewer systems had been made.

It was decided to secure the services of J. C. Coward as assistant secretary.

The question of finances was discussed and a committee composed of Messrs. Riddell, Webster and Pardee was appointed to formulate a plan for securing subscriptions to the hospital.

Mr. J. H. Gariepy wrote the directors enclosing a receipted bill as a contribution.

It was mentioned that a misunderstanding appeared to exist regarding visiting days and that visitors called at the hospital every day in the week. The regular calling days, it was pointed out, are Tuesday, Thursday and Sunday, when callers will be admitted between the hours of 2 and 4 p.m.

The monthly report of the Superintendent for the month of March was submitted as follows:

Number of patients admitted, 31.
Number of patients discharged, 24.
Number of patients in hospital on April 1st, 16.
Hospital days, 360.
Births, 1.
Deaths, 1.
Amount collected during month, \$215.50.

The report closes with the significant remark:

"The board may also be interested to know that within the past five days I have refused admittance to six patients on account of room. Two were maternity patients who had spoken for rooms, but at the time of entrance there was not an unoccupied room in the hospital."

The directors met again on Thursday of next week.

The Alberta Electric Supply and Construction Company is the name of a new company now incorporated for the purpose of dealing in electric fixtures, etc., in Edmonton.

The company owes its existence to Mr. E. S. Harrison, managing director of the E. S. Harrison Company, Winnipeg. Mr. Harrison began action some months since towards the formation of the company and completed matters during his stay here for the past week.

The company is capitalized at \$25,000 and it is their intention to erect a suitable building at once if a site can be secured on Jasper avenue.

The organization meeting of the company was held yesterday, about \$10,000 stock being represented. The following officers were elected:—

President, E. S. Harrison.
Vice-President, Chas. May.
Secretary Treasurer, W. J. Richardson.

Directors: E. C. Pardoe, N. D. Beck. The company expect to have work under way on their building by May 15th.

MEWASSIN

(Bulletin Correspondence).

Spring seems to have come for sure, the snow has all but disappeared, and in many places the ground is nearly ready for working. We are told that we are more fortunate in that regard than our more eastern neighbors.

Mr. J. Ellston is offering his personal property for sale preparatory to leaving for British Columbia.

Two of our settlers are in Edmonton this week selling their farms to Edmonton parties. Some of Edmonton's solid business men seem to have the courage to back up with their pocket books their convictions that this section is one of the best in the country. There are now six of them who have purchased quarter sections here lately.

Mr. Hewitt, who was formerly connected with the Indian reserve work here and elsewhere, has taken up a homestead in 53-3, and it is reported will build as soon as possible.

Mrs. W. C. Dunn arrived last week from Wisconsin. She joins her husband, who has been with us since last July.

Mr. Arthur Smith and wife will return to their home here this week, after spending the winter in Edmonton.

Mr. Prescott of Edmonton, has entered on a homestead here and has been here arranging for buildings, etc.

Notices are posted for a meeting for the organizing of a school district here, and there seems to be no opposition to the move. This is as it should be. The more schoolhouses the better.

At the election for road councillors recently held, C. H. Dunn was elected in township 53-4 and Wellington Lee in 54-2. Township 53-3 will hold its election on Thursday, April 14th, at Mr. Ed. Wollard's. A. E. Patterson, farm instructor, will act as returning officer.

City Transfer

At the opening of what promises to be a very good season we wish to express to our many customers our hearty thanks for the liberal patronage we have had in the past season. About a year ago we re-organized the pressing need for more efficient transfer system in this town and in consequence we undertook to supply. Whether we succeeded or not we leave to our customers to judge. We think however that we gave a first class service, none of our customers being forced to wait more than a few minutes.

We are now adding a number of rigs to complete the service, the following is a description:

No. 1—

Parcel and Light Express

for the handling of Parcels, Trunks, Grips, Etc. This handsome rig will land from Winnipeg in a few days. It is made after the pattern of the Shipman Brand low down, short turn; one of the most convenient rigs to handle the work designed for it to do.

No. 2—

Piano Wagon

This wagon is light, handy spring wagon built low with strong springs, covered to protect Pianos, Organs, and expensive Furniture from storms.

No. 2, extra—

In connection with this rig we have the (Keynolds) Piano Mover and a cover for Pianos insures the safety of handling Pianos, Organs, Etc.

No. 3—

Strathcona Express

This wagon is light, bolster spring wagon, adapted to all kinds of work. Moving household goods, trunks, valises, hardware, &c.

This wagon will work in conjunction with parcel delivery, &c., and will make regular trips between here and Strathcona starting at 1:30 o'clock each day after Monday, April 18th. Our parcel delivery system—we pick up all parcels on order on its regular trips and deliver at our office in time to catch Strathcona Express.

No. 4—

Light Spring Wagon

Adapted to handling all kinds of goods, furniture, hardware, trunks, and is most convenient in conjunction with our moving vans, Nos. 5 and 6. The capacity of this rig is one ton.

No. 5—

Heavy Platform Spring Wagon

Adapted for all kinds of heavy work, capacity 28 cwt. This wagon is very useful in handling all kinds of furniture, household effects, and in fact everything which requires a spring carriage. It will be used in conjunction with our large platform wagons in moving effects, household furniture, &c.

Nos. 6, 7 and 8—

Large Heavy Platform Wagons

These large heavy platform wagons will be used in all kinds of heavy work, handling freight in car lots to or from the station.

We will however make a specialty of moving furniture and furnishings.

The colors we are using in our Transfer are Chrome, Yellow, Green with wine colored body, lettered in yellow.

Our aim is to suit our customers in every detail
